

On Tuesday, the 14th of October 2014, Mr. Georgios Georgantas, Member of the Greek Parliament, visited the National Defense Fund (NDF).

The purpose of the meeting was the discussion of the details with respect to the concession of a spatial part of "Kampani Military Camp" in Kilkis, necessary for the construction of the west part of Kilkis Ring Road.

During the visit, the possibility of further developing other inactive real estate NDF properties was also discussed, always in the frame of NDF's current strategy in that field.
